

What is your name?

My name is Karl someone calls me also Karlito

**Please tell us a bit more about yourself including where you're from, hobbies, interests, etc.**

I am from Mindanao but I am living today in Manila. My hobbies are common like video games, sports and there is one that is not common and it is being alone for awhile. I consider being alone for a while as my hobby because it will give me peace and calm. I have a lot of interests. I cannot pinpoint what my interests are but I am interested and curious about the things around me. How was it built and why it works.

How much coding experience do you already have?

I am a CS grad so I can say i had 4 years of experience in coding

What was your routine during pandemic and before joining the training?

My routine in the pandemic was, learning new things that i needed to learn in order for me to understand the shallow and deep topics of the computer things etc. Before this training I had a project that I've been working on and is expected to finish early in December.

How did you hear about the Village88 training program?

I heard about this training from my friend who persuaded me to join.

What are your motivations to keep going?

My motivation to keep going on this training is for my dream within this field of work. And also for my family, I am doing all of these foundations in order for me to offer better support to them.
